

NICKERSON'S NEWS

Language Arts

This week in Reading, we will learn about the Advanced Reading Challenge, as well as how to think, talk, and write about our current book selections. In Writing, along with the writing we'll be doing with our reading, we'll also begin our unit on proper grammatical sentence structure. We'll continue our Home Row typing lessons as well.

Math

In Math, we will continue learning how to solve problems with partners and groups and the expectations for these processes. We will focus on basic operations and word problems to serve as a refresher and basis for more complex skills taught in 5th grade.

Science/S.S

In Science, we will learn why detailed procedure writing is crucial to the scientific method. This will be reinforced with the detailed writing we'll be doing in both math and reading. In Social Studies, we will spend a little more time on historical point of view and then move onto geography.

Homework

- 1) Rewritten goals due Wed. 9/4; parent accountability partner sheet will come home Tues. and needs to accompany the goal sheet.
- 2) 30 minutes of reading required nightly Tues-Thurs; record daily in reading journal. (Monday not required as it was part of the holiday weekend)
- 3) TypingWeb lesson due by Fri.
- 4) x table quiz every Wed. Students will be graded on their growth, not the total number correct.
- 5) Math hw due Thurs.

F.Y.I.

Class Meeting: I'm inviting both new parents to my class and those that have already met with me to a class "open house" this Tuesday at 4:45p before the SAC/PI Meeting. I will be holding an additional meeting at 7pm, after the PI meeting, for those parents that cannot meet at the earlier time.

Existing Parents: This meeting will be a time to ask questions about the changes to the classroom and/or seek

clarification to any hw/class policies you are unsure of.

New Parents: This meeting will be a chance to meet the teacher, get information on my policies and procedures and see your child's new classroom.

I understand this is a time of uncertainty for many of us, but I am confident these changes will not only increase our family in size but will multiply the fun times ahead of us this school year. Hope to see you at one of the meetings this Tuesday.

BONUS ???

Write a persuasive paragraph about the landform where you would like to live and why?

Calendar

- *9/3 Class Open House, 4:45p or 7:00p
- *9/3 SAC Meeting, 5:30p
- *9/3 PI Meeting, 6:00p
